

Stage One

ENGLISH	MATHEMATICS
<p>Students will develop their understanding of the written language and its features through our literature based units of work. These units of work will provide students with the opportunity to explore concepts such as oral language and communication, vocabulary, phonics knowledge, reading fluency, reading comprehension, creating written texts, spelling, handwriting and understanding and responding to literature. Students will learn to plan, compose and edit their written texts using correct structure and grammatical features.</p> <p>Literacy Groups</p> <ul style="list-style-type: none"> Literacy groups will take place throughout the week with students rotating around a variety of activities including, phonics, writing, reading and comprehension, grammar and punctuation. <p>Phonics/ Spelling</p> <ul style="list-style-type: none"> Students will learn a variety of sounds through explicit teaching and through the synthetic phonics program <i>Soundwaves</i>. 	<p>Students will develop their understanding of the follow mathematical concepts:</p> <p>Number & Algebra Whole Number Addition and Subtraction Multiplication and division Patterns and algebra Fractions</p> <p>Measurement & Geometry Two-dimensional space Position Length Area Three-dimensional space Volume Time</p> <p>Statistics and Probability Data</p> <p>LIBRARY/RESEARCH SKILLS/COMPUTER SKILLS</p> <p>Technology Skills</p> <ul style="list-style-type: none"> Learning the parts of a computer and how to use them. Learning to login to the computer system. Learning to use the paint program and word program. <p>Library</p> <ul style="list-style-type: none"> Students will have the opportunity to borrow books from the library on their class library day.
SCIENCE	HISTORY / GEOGRAPHY
<p>Materials and Their Purpose Students will investigate the properties of different materials, their uses and the effects of mixing materials together. They will explore how Aboriginal and Torres Strait Islander Peoples combine different materials to produce utensils.</p>	<p>Geography In Semester Two, students will study the unit 'People and Places' where they will explore places across a range of scales within Australia and Australia's location in the world. They will investigate the connections people, including Aboriginal and Torres Strait Islander Peoples, have with places, both locally and globally and identify factors affecting peoples' access to places.</p>
CREATIVE ARTS	PD/H/PE
<p>This term, students will explore dance as a creative art form and will investigate its various elements. Students will learn how to move their body according to these elements, while having the opportunity to share their opinions on different types of dances.</p>	<p>Health</p> <ul style="list-style-type: none"> Positive Behaviour for Learning (PBL) rules, expectations and rewards Safe use of medicine <p>PE</p> <ul style="list-style-type: none"> Dance Fever
