### Scratch - coding for Year 1-Year 4

We're excited to offer our Scratch coding program for younger students! Scratch is used as the introductory language to coding as it is relatively easy and skills learnt can be applied to more advanced programming languages such as Small Basic, which we are already delivering at Truscott St PS. Instead of younger students needing to write code, Scratch offers a drag and drop option utilising pre-coded blocks in order to create animations, games and interactive stories. Lessons will be delivered on Wednesdays at 3:30-4:15. Cost is \$20 per lesson.
