## P&C News

We invite the school community to take a few minutes to complete two surveys. The first is to assist the P&C to approach council over parking concerns around the school perimeter. The second is to assist the canteen committee is to seek feedback on the recent special day. The links to both surveys will also be circulated through the class parent network.

At a recent P&C meeting, we discussed the issue of parking. We are concerned about the increase in traffic around the immediate perimeter of the school and that parking when dropping/picking up students has become an issue. It has been noticed that the workers at the construction site on Epping Rd and others travelling by public transport are using streets surrounding the school for parking. This is causing congestion and safety issues especially at drop off and pick up times.

We wish to approach the council to highlight our concerns and to ask them to consider changes to parking restrictions to make it easier and safer for parents / grandparents / others dropping / collecting children to find a spot for the time they need one. We'd like to get a feel for how many people are suffering some inconvenience.

We would appreciate you complete the survey <https://www.surveymonkey.com/r/59VVKR93>

Please feel free to forward it to anyone else who collects your children from school.

**Greg Monahan - P&C President**
