Dear Parents and Carers

Rotary Public Speaking Competition

Congratulations to Annaliese R. for participating in the Rotary Primary School Speaking Competition Final. The evening competition was held before an audience made up of family and friends of the speakers as well as a large number of Rotarians. Annaliese gave a wonderful speech on the dangers of pollutants to our environment. She and the other competitors then were given a short period of time to prepare a speech on their dream job. Annaliese spoke very well on her hope of one day following in her mother's footsteps and becoming a vet. She received third place and represented Truscott Street very well indeed.

Recycling

As part of their STEM project, Stage 2 students have been investigating ways we can improve our recycling and reduce pollution. They have come up with some excellent ideas and have contacted the local council to see if they could help with the recycling, as well as asking me what ways we could contribute as a school. A recycling company had contacted me and I invited them to talk to our Stage 2 students. As a result we are now able to recycle glass bottles and the money raised will go back to the school. If you would like to bring your glass recyclable bottles to school they can be placed in the bins outside the staffroom. Congratulations Stage 2 on making a difference.

Movie Night

Friday evening saw our movie night on the top grass. The evening proved to be a very successful community event and our thanks go to Kristy Anderson and Selena Dowling for their organisation of this fun evening.

ANZAC Day

Truscott Street Public School has been invited by the North Ryde RSL Sub Branch, to attend their ANZAC Day Service to be held on the 25th April 2018.

Debating Workshop

On the 29th of March Arianne, Lilah, Sadie and Noah attended an all-day debating workshop organised by Masters Academy, at Melrose Park Public School. There were four sessions. During the first session the students learnt the basics of debating and then went into more detail and complexity in the following sessions. They used games to practise debating skills including rebutting, stating your arguments, planning with examples and elaboration (PEEL). There were 75 students from a range of schools in the Ku-ring-gai district who were split into 3 groups.

“It was enjoyable to work with students from other schools, elaborating on our debating skills.” – Arianne.
